Professional Summary

Greetings! I am an enthusiastic engineering student from SFIT with a passion for innovation, teamwork, and effective communication. I thrive on exploring new ideas and enjoy collaborating with others to achieve common goals. My strong coordination and communication skills enable me to contribute effectively in team settings.

I am eager to participate in hackathons and internships, seeing them as valuable opportunities for both personal and professional growth. I view challenges not as obstacles but as opportunities to learn and advance. With a positive and proactive attitude, I am committed to continuous improvement and excellence.

Skills

- Friendly Communication
- Problem-Solving
- Dedication to continuous learning
- Programming Languages-C, C++, Java and JavaScript, Python.

Skills and Proficiencies

Teamwork and Communication Skills

- Actively worked with college committees, such as the Computer Society of India (CSI), where I served as a Technical Executive. In this role, I coordinated technical events, workshops, and seminars, enhancing my ability to work effectively within a team and communicate complex ideas clearly to diverse audiences.

Project and Time Management

- Developed a Weather App using HTML, CSS, and JavaScript, incorporating API integrations to provide real-time weather data. This project honed my skills in front-end development, API usage, and managing project timelines efficiently. [link](#)
- Collaborated on a group project to build a Data Analytics Website using Streamlit. This experience taught me the importance of teamwork, effective communication, and the ability to manage and complete projects within deadlines. It also enhanced my skills in data analysis and web development.

Education

- **Lakshdham High School(ICSE)**
2007-2020
Goregaon East, Mumbai
- **Nirmala Memorial Foundation College(HSC)**
2020-2022
Thakur Complex, Kandivali East
Mumbai
- **St. Francis Institue of Technology**
2022-2026
B.Tech Computer Engineering
Borivali West, Mumbai
